**Tune: "My Bucket's Got A Hole In It" by Hank Williams**

**Your story's got a hole in it, yeah, your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**

**You're tellin' us a sad tale, how you can't afford a raise.  
You're tryin' to say your workers should take a cut in pay.**

**But your story's got a hole in it, yeah your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**

**You say you're goin' broke and the money just ain't there,  
And you really can't afford to treat your workers fair.**

**But your story's got a hole in it, yeah your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**

**You got two administrators for every employee  
And you're smack in the middle of a building spree.**

**That's why your story's got a hole in it, yeah your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**

**You seem to think your workers were born yesterday  
And that we're gonna fall for everything you say.**

**But your story's got a hole in it, yeah your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**

**Your story's got a hole in it, yeah, your story's got a hole in it,  
Your story's got a hole in it, it won't hold no beer.**
