

It's a Wrong Way for Temporaries

Tune: "It's A Long Way To Tipperary"

**There's a right way for temporaries when the need is bonafide.
If the work should fluctuate or vary, a temporary is justified.
And if you pay and treat them fairly, a temporary's rightly used,
But it's a wrong, wrong way for temporaries, when temporaries are abused.**

**I have a friend, her name is Mary, and Mary works here every day,
And Mary is a temporary--well, at least, that's what they say,
But, my friends, it's truly scary, the way that Mary is misused.
For it's a wrong, wrong way for temporaries, when temporaries are abused.**

**It's a wrong way for temporaries when you stay around for years,
When you always must be wary and inhibited by fears.
If you complain or act contrary, it's a cinch--you're gonna lose.
And it's a wrong, wrong way for temporaries, when temporaries are abused.**

**It's a wrong way for temporaries, when you get no benefits.
No sick leave and no health care ei-ther. Let me tell you, it's the pits.
But now it's time to face it squarely and to end this shameful ruse,
For it's a wrong, wrong way for temporaries, when temporaries are abused.
But we will see a brand new day for temporaries, when we join SEIU.**
